

# Subscription formula ETAPpro

For certain functions, we apply the "Premium" subscription formula. You will find below an overview of what is included and what is not included. The subscription formula comes together with the MTAP dongle.

After the first activation of your MTAP dongle, a 3-month free trial period automatically starts.

You can activate the "Premium" subscription formula on [my.etap.pro](https://my.etap.pro) from 1/1/2024

Feature	Description	Free	Premium
Basic	Track the status of your charger and control it remotely, wherever you are. View real-time data. Location configuration	✓	✓
